# SUPERONE ROK Cup

## ROK into the future

It is with great pleasure that SUPERONE ROK Cup UK confirms the venues and dates for the summer karting series, to be run within the 2019 Super One Series.

### STABILITY

Regulation stability. This is a must in the ROK Cup. Regulations do not change, allowing drivers to race on the same engines season on season maintaining the resale value of your engine. Consistency is the key.

### EASY TO USE

Vortex has many years of experience, the Rok engine is easy to use, reliable and manufactured to the highest standards.

### CLASSES

The range of classes suits drivers from 9 years upwards. The Vortex family of engines will take you through your karting career. Catering for drivers of all ages and weights. Guaranteed to give you fun.

## 2 DAY EVENTS

### SATURDAY

Round 1
